

MARTIN PODD AADipl. Architectural Consultant

Ian Kemp,
Programme Officer,
Tewkesbury Borough Plan,
P O Box 241,
Droitwich, WR9 IDW

21 December 2020

Dear Mr. Kemp,

Thank you for sending me a copy of the Tewkesbury Borough Plan Examination Documents.

I was surprised to see no reference to an examination of the traffic problems that the increased housing will bring. I would refer to my letter of 27.10. 2020, where I set out my objection to the proposals for Winchcombe, being the only area that I know in detail.

I feel it essential that this problem should be considered by the Inspector. 80 new houses in the proposed area off Delavale Road will only increase the existing congestion, with at least 160 extra cars passing through the town to access the main Cheltenham to Broadway road. It will only increase the ruination of our mediaeval town centre.

I realize that extra housing is necessary, but the location must be reconsidered with direct access to the main road without passing through the town.

I trust that the inspector will investigate and ask for a revised proposal.

Yours sincerely,

Martin Podd
